

Commercial & Marketing Opportunities with Roscommon GAA & Club Rossie

Play your part in the future of Roscommon GAA - Club Rossie

RANGER
PIPELINES INC.

ballymore.

Dear Business Member,

We hope you and your family are well. Club Rossie are celebrating our 10 year anniversary. A lot has been achieved in those 10 years but much more work lies ahead.

In our brochure we outline the fundraising activity for 2023 together with the various commercial packages that are available to existing and new businesses with Platinum, Gold, Silver, and Bronze options providing a range of flexible marketing and advertising opportunities on a 3 year term. If the packages are not in line with your business profile we are happy to tailor make a commercial package to suit your needs.

We have some updates on the redevelopment of Dr Hyde Park and the exciting news that full planning has now been granted for the Dermot Earley Centre of Excellence. This will be situated on the Racecourse Road , Roscommon.

We are very excited that we are finally seeing visible signs of progress with both of these capital projects and we look forward to them coming to fruition over the coming years. Great credit must go to the Co. Board Executive for their great work in securing this high profile site for the Dermot Earley Centre of Excellence. It will be of huge benefit to the business community in Roscommon and surrounding towns.

The hard work of fundraising continues and Club Rossie will not be found wanting in our support, raising funds to assist Roscommon GAA with both capital projects.

More than ever your financial contributions going forward will make a significant difference to Roscommon GAAs efforts both on and off the field. We really appreciate your support.

Total net contribution to Roscommon GAA in 2023 was **€539,137.00**

Jim Gavin Event	€76,712.00
Business Membership	€138,000.00
Win200grand.com	€324,425.00

Finally I sincerely thank you for your continued unwavering support and I ask new businesses to consider partnering Roscommon GAA during these exciting times ahead.

Yours Sincerely,

Aidan Brady.

DR. HYDE PARK

The redevelopment of Dr Hyde park is well underway and stage one will see the seating in the main stand replaced and the pedestrian area behind the stand resurfaced. Upgrading of the seated area in front of the stand has commenced.

The concrete seating has been removed and the concrete supports for new seating are being put in place. This will be an all-seated area including a covered wheelchair viewing section. New dugouts are also being built as part of this phase. Applications for funding and the next stages of the development are currently being reviewed.

DERMOT EARLEY CENTRE OF EXCELLENCE

A site has been acquired on the west side of Roscommon Town on the Racecourse Road for the Dermot Earley Centre of Excellence. Planning permission was recently granted for the construction of three full-size pitches and two smaller astroturf pitches along with dressing rooms, meeting rooms and ancillary services, including a spectator stand.

It will also include a ball wall, office buildings, a canteen, a perimeter walking track and gym. A funding plan has now been put in place to deliver this project.
